SECTION 1 - English Transcript

Namaste! Coffee, coffee. Sikam Bhalo Jhalka. Daju, you should have said 'Bhalo' in the memo. And what's up, Gori? I don't even get a phone call these days. And Daju, was it okay that you drank alcohol last night and went home drunk? I will break your entire country's mobile. You will have to give a new one, sir. How? Only the mobile is broken, sir. Your facial features are fine again. Hey, where did you find such an old, old woman? Okay, today I will... The idea of a bear. Do you understand? A non-stretchable rubber. A loose one.

SECTION 2 - AI Operations Report

Summary

The transcript involves a casual conversation, mentioning coffee and personal remarks unrelated to specific restaurant operations. There is mention of drinking alcohol, but no clear operational issues are discussed.
